## **DETAILED ACTION**

### ***Election/Restrictions***

1. Claim1 is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 10-16, directed to the species of I, III, IV and V are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim. However, claims 26 and 27 are, directed to the species of V remain withdrawn from consideration since they do not all depend upon or otherwise include all the limitations of an allowed generic claim as required by 37 CFR 1.141.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

## **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Victor on 04/26/04.

The application has been amended as follows:

Claims 17-30 have been canceled.

3. The following is an examiner's statement of reasons for allowance: claims 1-7 and 10-16 are allowed because the prior art of record does not disclose or suggest a feeding bottle comprising a stopper being manually moveable to open and close an air inlet; and a stopper retainer separating from the stopper, said stopper retainer moveable between a first position in which the stopper retainer prevents movement of the stopper from the closed position to the open position, and a second position in which the stopper retainer permits movement of the stopper between the open position and the closed position; wherein the stopper retainer is attached to the bottle body in the first position and in the second position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to LIEN TM NGO whose telephone number is 703-305-0294. The examiner can normally be reached on Monday through Friday from 8:30 AM -6:00 PM.
